RE: BEI, Inc.

To Whom It May Concern:

Balanced Environments provides landscaping services for Motorola/Jones Lang LaSalle at the Arlington Heights campus.

In my dealings with BEI, I find them to be very responsive to the weekly requirements of maintaining the property. I've worked closely with the account manager to discuss enhancement options with emphasis on cost control and they came up with options that provided attractive solutions that resulted in many positive compliments. BEI has also cared for and makes sound suggestions to further improve the appearance of all of the trees on the property by providing inspections and progress reports on recent plantings.

BEI's landscape crews are well mannered and focus on safety first.

If you have any further questions about BEI and would like to discuss their performance in more detail, please feel free to contact me at the information listed below.

Respectively,

*Tom*
